

***Sure, you could just bring death,
but fiery death with some hot sex beforehand
is better, don't you think?****

We're going to go on and commemorate Charlie Sheen now, since we all know it's only a matter of time before his candle flames out and we find him OD-ed face down in a kiddie pool filled with baked beans, an inflatable transgender billy goat named Gertrude peeking out from under him, and a discarded pile of gravel in his bed.
